Over 70 local businesses and organizations offering green products and services. In addition to the vendors, there will be some wonderful interactive exhibits and displays for everyone to enjoy!

- Special exhibit on electric cars
- Learn how to make your home or business more energy efficient.
- Fly casting and snow shoeing demos
- Ever wondered about the "Tiny House" movement? Come see a model tiny house.
- NIU Supermileage Car and Team—has a peak rate of 1,359 miles per gallon.
- What is the Smart Grid and what does it mean to McHenry County? Interactive exhibit on display.
- A great opportunity for some ecofriendly holiday shopping!
